

# LinTronic

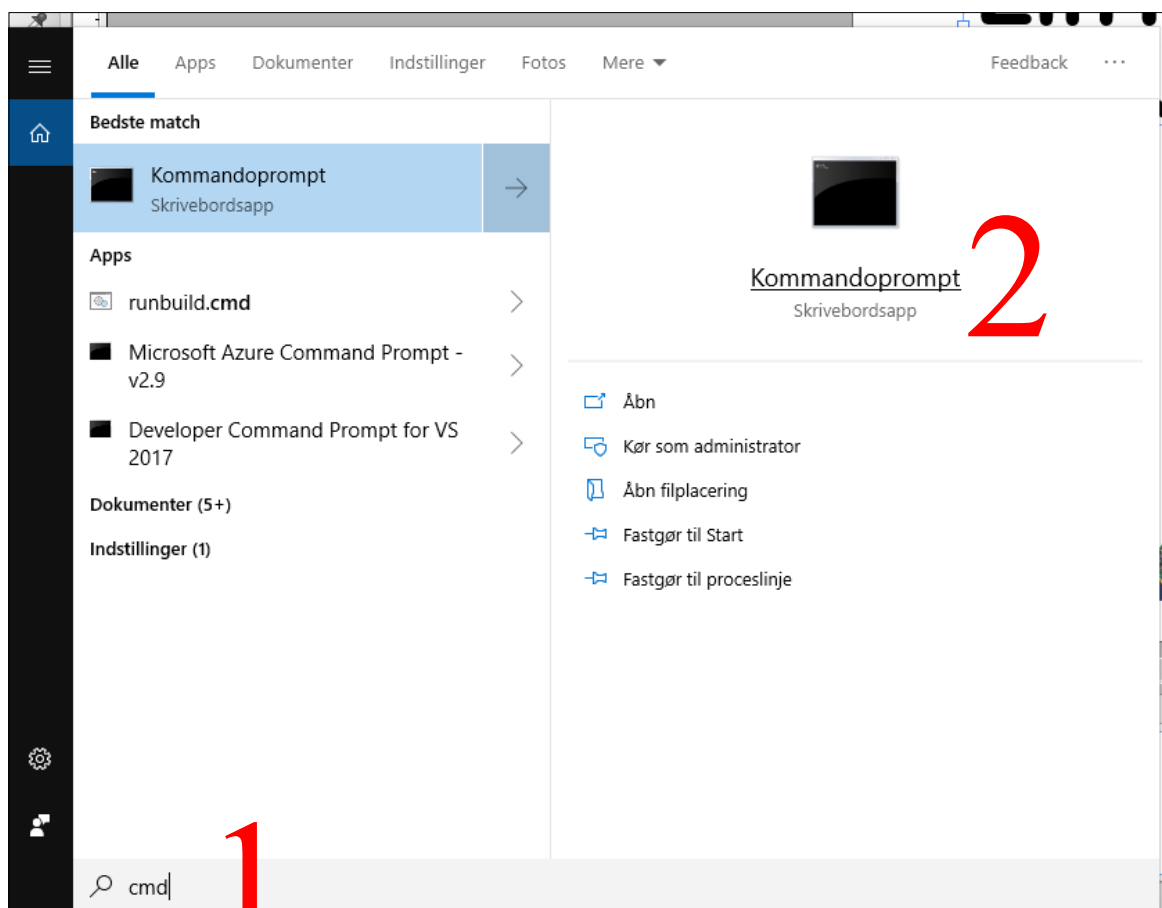

**AccessDatabaseEngine.exe**

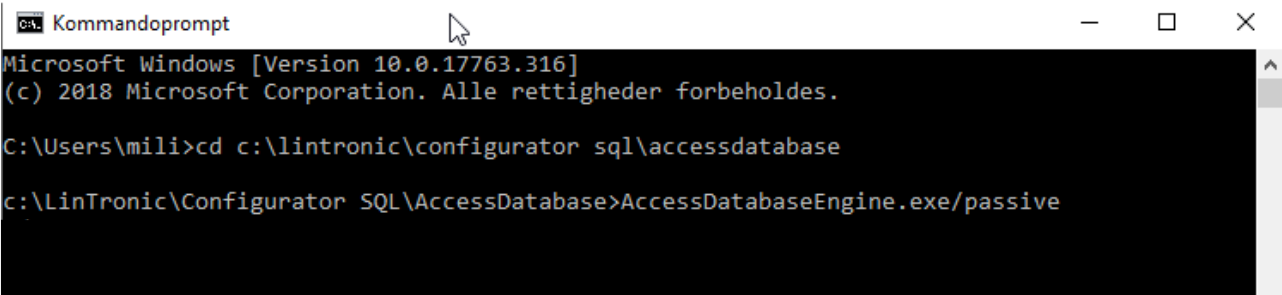

**Updated  
190301**

# Windows 10

1. Click on magnifier right next to the start button and type: cmd
2. Click on Command prompt

```
Kommandoprompt
Microsoft Windows [Version 10.0.17763.316]
(c) 2018 Microsoft Corporation. Alle rettigheder forbeholdes.
C:\Users\mili>cd c:\lintronic\configurator sql\accessdatabase
c:\LinTronic\Configurator SQL\AccessDatabase>AccessDatabaseEngine.exe/passive
```

When command prompt opens - type:

cd c:\lintronic\configurator sql\accessdatabase  
and click Enter

Computer now changes to this library:  
c:\lintronic\configurator sql\accessdatabase

Type:  
AccessDatabaseEngine.exe/passive  
and click Enter

Driver will now install.
