## Codeset 769 SONY

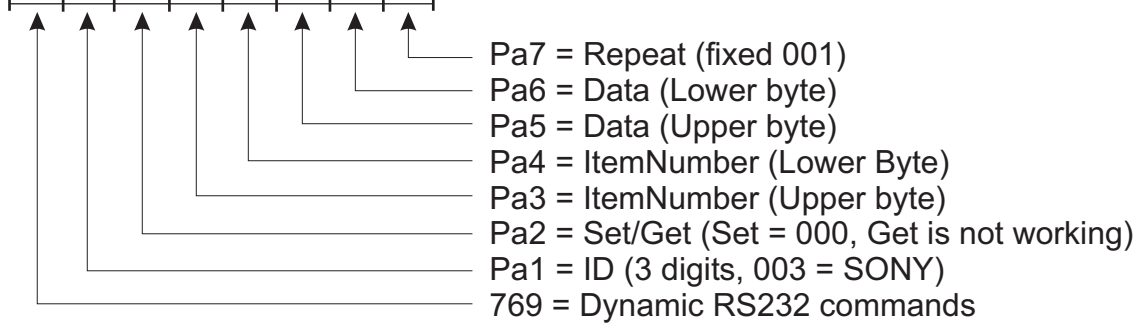

## Customize your SONY RS232 commands

The information (commands) controlling the TT455-RT-238 to send out SONY RS232 commands, consist of 8 pcs. 3-digit numbers. These commands can be created in the CommandList section of the TT455-RT-238's Configurator.

Structure:

76900300000000000000000001= command

You create commands for your own personal use.

The commands you create are stored onto your computer for later use/modification.

The commands cannot be uploaded to our web-database.

Example:

7690030000000001002002001=INPUT A

Numbers must be converted from HEX to decimal and then inserted in the Command.

See more Sony commands in the online doc.
